All that Shimmers

Need to look fabulous in a flash? Shimmering stones, tiered and vintage inspired looks add that defining sparkling touch. Longer length, elongated earring styles transform any outfit into a perfect party look.

Dressed to the Nines

Take your pick of fabulously festive frocks in lush materials from hammered satins, taffetas to glitter jerseys, accented with jewel details. Boost your closet's party appeal with a retro flavoured party dress saturated in decadent purple, from rich plum to jewel toned amethyst, or opt for flattering styles in metallic silver, gold or a dash of red.

Cover Story

A lushly beaded cardigan or a cropped bolero version, offer a chic way to ward off the chill as you dash about the party circuit. Paired with pants or worn over a dress, these cover ups offer an easy, practical style option with a sophisticated edge.
